The Wellness Committee

The Wellness Committee hosted a Volunteer Day Saturday, April 7 to improve and establish sections of the new WHS Nature Trail around the school.

We had more than 50 people in attendance and were able to improve sections of the trail from the beginning of the ravine all the way to the creek behind the baseball field.

Stephen Morrison, of MoreSun Custom Designs, brought timber and tools and worked with a group of students to build a bridge across the first creek, at the base of the ravine.

Elamon Barrett, from the Forest Service, brought a truckload of landscaping tools for people to use. The day was a huge success.

We would like to host another day, possibly this month, to further the completion of the trail.
